

## Cynthia (Cindy) Phillips, Sandia National Laboratories

### Research interests:

- Combinatorial optimization
- algorithm design and analysis
- parallel computing
- data structures
- streaming algorithms
- graph algorithms
- applications

Zorro won't join me for the business meeting, so he'll join now  
(bring your pet to the business meeting!)

I'm the chair of the SIAM SIAG  
(Activity group) on ACDA.

Ask me about ACDA or SIAM!

Past/present links to **these ACDA areas**:

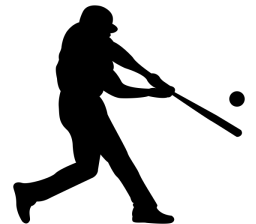

- Theoretical Computer Science
- Operations Research
- Computational Biology
- Combinatorial Scientific Computing
- Experimental Analysis of Algorithms
- Applications

A really silly movie I loved:

Major League  
(about American baseball)
